

Combat Bulletproof Jacket (Model 299)

LYRA's **Combat Bulletproof Jacket** (model 299) is designed to suit the demanding requirements of military forces. Besides providing effective and high level of protection against a wide range of threats, this design is hard-wearing, comfortable and suitable for combat situations.

Manufactured with high quality, comfortable and light aramid material, Combat Bulletproof Jacket (model 299), provides best ballistic protection to full torso with minimum possible weight.

These Combat Bulletproof Jackets provide ballistic protection at front, back, shoulders, collar, sides and groin. This design offers enhanced protection (kidney protection) of NIJ level III at sides with the help of Side Armour Plates.

LYRA has incorporated **MOLLE** (Modular Lightweight Load-carrying Equipment) system in combat bulletproof jackets to make it the most advanced design of modular tactical vests.

Features of Model No. 299:
